### **BASIS FOR WITHDRAWAL REQUEST**

3. The basis for the request for withdrawal is 37 CFR 10.40(c) section(s) 1(vi) .

Explanation (including brief description of exhibits, if any):

The Assignees of application Serial No. 09/874,720 filed June 5, 2001 (Thomas Jefferson University and The University of Miami), have relinquished rights in the invention and the '720 application to the inventors Howard B. Gamper, Eric B. Kmiec and Richard J. Bartlett. Kmiec and Bartlett retained the undersigned to proceed with the preparation and filing of a continuation application on behalf of all three inventors. Gamper declined to participate. The continuation was filed on July 7, 2003, as application Serial No. 10/615,555. The '720 application is abandoned.

Applicants Kmiec and Bartlett have failed to pay the undersigned's invoices which include preparation and filing of a three-month extension of time in the '720 application, and all charges with respect to the preparation and filing of the '555 application.

Enclosed is a copy of a letter dated December 19, 2003 to Kmiec and Bartlett announcing the undersigned's intention to withdraw from representation, absent complete payment of all outstanding obligations by January 15, 2004. Although the letter contained a typographical error ("June 15, 2005"), it is apparent from the context that the imposed payment deadline was January 15, 2004.
